

## **Dr. Raj Nathan (SVP Information Technology Solutions Group) Visits UAE**

UAE, Dubai - April 12, 2005

Dr. Raj Nathan, Senior Vice President of the Information Technology Solutions Group, Sybase Inc. will be visiting Dubai for the first time on April 24, 2005. Dr. Raj Nathan leads Sybase's technology research and product development - functions critical to the success of the company. In this role, Dr. Nathan has gained worldwide recognition for pioneering new technology and has been recently selected as a leader of the information technology industry by VARBusiness magazine in its "Technology Innovators: Top 50" for his technology innovation and Strong direction of Sybase software development.

During his visit, Dr. Nathan will be holding a series of meetings with top executives of many of the major banking and financial institutions from all over the GCC. He will also be hosting an executive dinner for Sybase customers in the region at Le Royal Meridian Dubai. During this dinner, Dr. Nathan will discuss with his guests the latest technological trends and will share with them Sybase's vision, future plans and latest innovations.
